

To all Youth Service leaders and specialists

1) Youth Service Booklet - UPDATE

The Booklet which containing details of competitions and projects has been updated taking account of some changes outside our control. Please download the new September 2017 version from the District Website at <http://rotary1070.org/youth/>

ROTARY INTERNATIONAL
DISTRICT 1070

YOUTH SERVICE

2017 – 2018

(September 2017)

Chairman – Rodney Spokes, The Rotary Club of Leicester
Rotaryyouthservice1070@gmail.com

ROTARY:
MAKING A
DIFFERENCE

Note: This booklet (in colour) is available for download from the District website at www.rotary1070.org
Follow the links to 'Youth Service'.

2) Technology Tournaments

Rotary Technology Tournaments are designed to encourage and develop student's interest in design, construction and technology. Students work in teams to develop and build their solution to a task that has been developed to broaden their understanding of important concepts in technology.

There are two Tournaments – the Junior Technology Tournament, for children up to age of 11, and the long running traditional Technology Tournament for students between the ages of 11 and 18.

The Junior Technology Tournament, which has been developed in collaboration

with the Rochester Bridge Trust, was launched in March 2017 and combines some simple training followed by a practical design and build exercise. It can be run as a one day session, two half days or even four approximately one hour sessions.

The traditional Technology Tournament can only be run as a full day event and is divided into three age ranges, Foundation, Intermediate and Advanced.

Rotary in Great Britain & Ireland has recently promoted Technology Tournaments in the School Science Review and, as a result, clubs may receive enquiries from schools who wish to participate.

If you do receive an enquiry and are unsure how to respond please contact our District specialist Peter Glennon (Nene Valley) or Andy Smith at the RIBI Support Centre. E-mail andy.smith@rotarygbi.org

The team is here to help clubs who have not previously participated to make a success of this exciting venture
